Subject: Recommendation of C I Destinations for Chamber trips

Dear Oliver,

It's with pleasure that I write this letter of recommendation. C I Destinations made our Amalfi Coast and Pompeii trip a memorable, easy to enjoy experience.

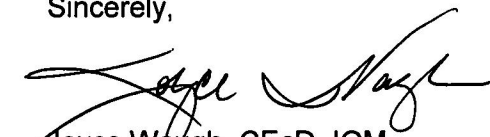

Every detail was taken care of with excellent tour guides from beginning to end. We were met at the airport in Rome, guided to our motor coach and within a reasonable time were at our hotel. What a pleasure to unpack for the week and have a welcome drink and dinner.

The views, vistas, history, food, wine, shopping and sheer fun of learning was nearly overwhelming. From walks along the seaside promenade to small finds in neighborhood stores and boutiques, our travelers had a chance to taste and see the real Italy. Among our favorite things were learning how limoncello and buffalo mozzarella are made and tasting the finished products. Walking on ancient paths in Pasternum and Pompeii leaves one with a sense of awe and wonder. Visits to Capri, Ravello and Positano were among the many highlights.

In addition to the little extras, allowing people to take an extended stay in Rome, Florence or Venice by truly customizing their tour made for happy travelers. I sincerely appreciate the way manner in which you take care of travelers and anticipate so many of their needs and interests.

Thank you for making our Amalfi Coast and Pompeii trip an experience we will remember for a lifetime. I would welcome an opportunity to address any questions from fellow chamber execs should the opportunity arise. We wouldn't hesitate to utilize C I Destinations for future trips.

Sincerely,

  
Joyce Waugh, CEcD, IOM
